

Important information for all parents!

If you have syrup of ipecac in your home, THROW IT AWAY!

For many years, syrup of ipecac was given to children who had been poisoned. Experts now believe that it may be harmful.

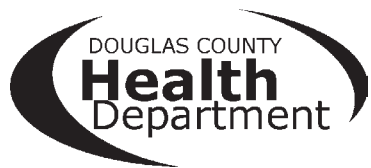

Syrup of ipecac should **not** be used as a poison treatment.

If you have syrup of ipecac in your home, throw it away. Pour the liquid in the toilet, flush, and throw the bottle in the trash.

If you have questions about syrup of ipecac, call your physician.

**If think your child has been poisoned,
call the Nebraska Regional Poison Center:**
